

LIFE TARGET– LIFE CALL 2024

16 TH SEPTEMBER 2024

GABRIEL AMAT AYLLÓN, PRESIDENTE DEL CONSORCIO DEL CICLO INTEGRAL DE AGUAS DE USO URBANO EN EL PONIENTE ALMERIENSE about the LIFE TARGET project, related to the development and testing of technologies for the advanced transformation of water supply and reuse to guarantee efficient treatment and zero pollution. After reviewing the objectives and activities of the project, I must communicate that its results could be of interest to my organisation on the following topics:

- Development of advanced analytical techniques for regular monitoring of PFAS and other CECs levels in water.
- Design of innovative equipment for effective removal of PFAS and other CECs from water systems.
- Development and validation of prototypes for removing PFAS and CECs from contaminated water in WWTPs and DWTPs.
- Technical, environmental, social and economic evaluation of the proposed new solutions.
- Contribution to international policy developments.
- Participation of stakeholders (public administrations, companies, associations...) in communication, transfer and replication activities.
- Market analysis and feasibility studies for the use of the proposed solution in other parts of Spain and Europe.

We consider the implementation of the project of great interest and usefulness for the body represented, as it is an initiative that addresses replicable and innovative approaches to improve drinking water and urban wastewater treatment systems. In addition to this, and in order to support the effective transfer of project achievements, my entity would be willing to cooperate in upcoming activities during and after the end of the project:

- Subscription to the project newsletter;
- Dissemination of project activities and results;
- Attendance at seminars, visits and other communication or training sessions developed by the project.
- Participation in the replication of the actions, strategies and activities of the project;

This support does not, in any case, mean a financial or legal commitment on our part.
